Kit Ballerina/1

CUCITRICE CONVERTIBILE AD AGO RICURVO PER UNIRE TOMAIA SU SUOLA CON INCRENA (BALLERINA)

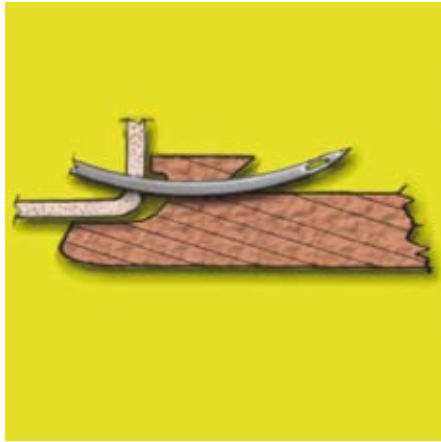

CURVED NEEDLE CONVERTIBLE SEWING MACHINE TO JOIN UPPER AND SOLE WITH CHANNEL

Il kit **BALLERINA** permette, tramite cucitura, di unire la tomaia direttamente alla suola con increna, senza usare chiodi, colla e risparmiando pelle. È possibile anche il sistema di arricciatura della tomaia.

*Kit **BALLERINA** allows a direct stitching of the upper to the channelled sole, without using nails, glue and saving leather. Also possible is the curling system of the upper.*
