*Kit "IDEAL"
Kit "S. CRISPINO"
Kit "APACHE"
Kit "MOCASSINO"
Kit "SHARK"
Kit "OPANKA"
Kit "ST"
Kit "PROFILO"*

mod. XM-199 / Kit Ideal

Con la macchina XM 199 abbiamo perfezionato un sistema per la realizzazione di calzature Ideal, con minori costi e maggiore produttività: non è più necessario il montaggio tradizionale: bastano meno passaggi, macchine e operatori. Perciò i costi di produzione si riducono drasticamente attraverso l'uso del 20% in meno di pelle, fodera e gomma. Colla e chiodi non servono più.

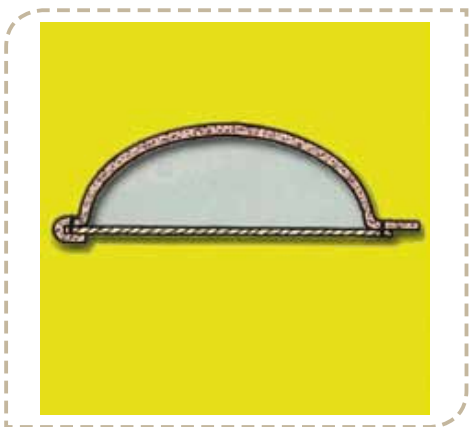

Through machine XM 199, we have developed a system for the manufacturing of Ideal footwear, with reduced costs and greater productivity: traditional shoe assembly is no longer necessary: less steps, less machines and operators. Therefore, production costs are definitely reduced through the use of 20% less leather, lining and rubber. Adhesive or nails are no longer needed.
